### About me

I am Eren. I am full stack mern developer and engineer. I am 22. I want to touch people life in the world so when I meet the software I said I can actualize my porpuse in this way. When spend my time with code time goes by so quickly and I can't realize how time goes. I love code ☺

### Project

#### **Mern Stack Booking App** [\(Code\)](#) [\(Live\)](#)

This is a full-stack responsive booking app built using the MERN (MongoDB, Express.js, React.js, Node.js) stack.

#### **Water Purifier Website** [\(Code\)](#) [\(Live\)](#)

I made water purifier website for my costumer [made](#)

#### **Find The Song Game** [\(Code\)](#) [\(Live\)](#)

Let users save and track their game scores while discovering songs

#### **Bomb game with react** [\( Code \)](#)

I made a Bomb game for kids when kids solve simle math problem then enter the result to the bomb dispaly if it is true bomb will be defused if it is false the bomb will explode

[a water purifier Website for my costumer](#)

#### **Movie App** [\( Code \)](#)

I made Getir Home Page clone with Next js and Tailwind
